Unit Assessment Board – Unit and Artefact Statistics(0057)

At the top of the report are the following pieces of information:

LINE 1 University of Portsmouth, UAB REPORT – UNIT ASSESSMENT ARTEFACT STATISTICS, Report: 0057

LINE 2 Unit Code (starting U for normal units, P for professional units), Short code for the unit, Full name of the unit

LINE 3 Unit Coordinator, Cohort, Credit Value of the unit, Level of the Unit

LINE 4 'Marked' or 'Pass/Fail' unit, Pass Mark, Academic Year and Sitting

LINE 5 Date of Exam Board

Next there is information given in eight categories. A number of the fields are duplicated throughout the report and so are listed here at the top rather than individually against each category:

Type	CW = Coursework, EX= Exam, OT = Other
Avg	Mean mark for this result type
Min	Minimum mark for this result type
Max	Maximum mark for this result type
Stddev	Standard deviation for this result type. Standard deviation is a statistic that indicates the spread of data around the average mark. It is useful in comparing sets of data which have the same average mark but a different range.

At the end of the row of statistics there may be an indicator:

Including NS	Statistics including non submissions.
Excluding NS	Statistics excluding non submissions.

Unit Artefact Circumstances

This block displays the total number of each unit artefact status circumstance (listed below) that has been applied against the unit and its artefact

ECA's	Valid Extenuating Circumstances
Penalties	Any penalties applied
Moderation	Moderation applied to students
Adj.	Adjusted marks through use of Academic Judgement
Comp	Marks compensated by the Board of Examiners

Counts

This block displays basic totals for the unit

Assessment by Type – only one of the following types will ever appear.

P	Provisional
C	Confirmed

Total Unit Enrolments	Total number of students enrolled on this unit
Total Assessments	Total number of unit assessments for this particular unit

Threshold

Artefact	The assessment types that are included in the threshold
Mark	Mark that has to be obtained to achieve the threshold

Unit Statistics

For each result type, this block will display statistics relating to the spread of marks. The totals do not include deferred first attempts

Result	Result Type to which the statistics apply
Count	Number of students awarded this result type
%	% of total unit enrolment awarded this result type
Totals:	Statistics for all students excluding deferrals (and where indicated NS)

Band Count

This block displays the number of students awarded each grade eg A,B, Pass, Merit.

Artefact Statistics

For each artefact, this block will display statistics relating to the spread of marks.

Artefact	Artefact identifier within the unit
Count	Number of students with a mark against this artefact

Assessment Structure Statistics

For each assessment type (coursework(CW), exam(EX), other(OT)), block will display statistics relating to the spread of marks.

Artefact Flags Statistics

This block displays how many students have a specific flag attached to their artefact assessment. 'Blank' refers to students without a specific flag

ECF	Type of ECF flag (ie Deferred, Exam Valid EC, Valid ECF not applied)
Count	Number of flags against each ECF category
Pen	Type of Penalty Flag (Late, Disc)
Count	Number of flags against each penalty category
